Dear NTA Parents,

Cumberland County has issued a mask mandate effective 8-27-2021 with which private schools are required to comply. This order applies to 5 years old and up.

Masks worn to school should follow the guidelines of our uniform policy. Please send students with a clean mask every day. Fresh daily disposable masks are also acceptable.

Once again, we will not be allowing visitors on campus. Call the main office number when picking up your students for appointments and we will bring them out to you. Please allow additional time for this process.

We did not institute this order, but we are required to comply. If you have any issues with this mandate, we encourage you to contact the county commissioners.

Click on the link below for the whole order.

Please read the link for further instructions pertaining to Section 2: Persons to whom this Order shall not apply.

Sincerely,

R. McLamb
